     2.   A joint OS/ODP Working Group briefing was provided
on 18 September for the Directors of ODP and OS to provide
a status report on follow-on developments since the 1978
Security Audit of ODP. This audit was performed by Computer
Resource Controls and sponsored by the Information Systems
Security Group (ISSG). The office directors were briefed by
the Acting Chief, ISSG, and the Deputy Director for Processing,
ODP.   (U)

     3.   During the reporting period, a member of the
Information Systems Security Group, along with a SECOM
representative to COMIREX and the ODP Security Officer, met
with senior members of CAMS Development and Management
branches to discuss computer security vulnerabilities in
CAMS I and to attempt to identify the vulnerabilities which

can be eliminated in CAMS II. Specific areas of concern were identified for additional work and action. (U)

4. A member of the Safety Group conducted a 3-hour training class for four component safety officers whose work environments are primarily offices. This is the third such class conducted in efforts to provide safety and health training to component safety officers in the Headquarters area. Four 5-day and one 3-day safety courses have also been conducted during CY 1980. All designated component safety officers in the Headquarters area have now attended one of the three courses with the following exceptions: DCI area (3); NFAC area (3); DDO area (2); DDS&T (2). (U)
